

Nigel Crampton

Head of Managed Accounts

CURRENT RESPONSIBILITY

Nigel is Head of Managed Accounts for Milliman Australia.

He is responsible for distribution and execution of the Milliman SmartShield Series of Managed Accounts.

These portfolios leverage Milliman's risk management expertise to create a solution designed to shield investors from market risk, giving clients greater certainty and flexibility than ever before.

EXPERIENCE

Throughout his career, Nigel has developed a market-leading understanding of platforms and managed accounts.

This is complimented by leading teams focused on asset management, research and consultative selling of complex retirement and adviser solutions in the Australasian market.

He has proven leadership and business management skills with a strong commercial focus, and has delivered strong results during periods of business change.

PREVIOUS EXPERIENCE

Prior to joining Milliman, Nigel was a senior leader within the Fitzpatrick Private Wealth Group. Throughout that time he was the lead on the groups' selection of an outsourced partner for their Managed Discretionary account and launch of a new Managed Account Solution.

Before his appointment at Fitzpatrick Private, Nigel was Head of Distribution at Morningstar which followed 14 years at Macquarie Group.

During his tenure at Macquarie, he spent much of his time overseeing the strategy and distribution of Macquarie Wrap and was part of the Investment Committee governance team.

EDUCATION

Bachelor of Commerce (Law), University of Wollongong.
